## DID YOU KNOW

*An **axiom** is a proposition regarded as self-evidently true without proof. The word **"axiom"** is a slightly archaic synonym for postulate. Compare conjecture or hypothesis, both of which connote apparently true but not self-evident statements.*

***A wise man once said:***

*We all love to spend money buying new clothes but we never realize that the best moments in life are enjoyed without them.*

*Having a cold drink on a hot day with a few friends is nice, but having a hot friend on a cold night after a few drinks, priceless*

*A recent study found that women who carry a little extra weight live longer than the men who mention it.*

## ***EXERCISE YOUR MIND & BODY***

*As we mature, we often experience minor physical and mental issues. Exercise is one of the best things you can do for your physical and mental health. It may even improve the health of some seniors with diseases and disabilities, including high blood pressure, arthritis, heart disease and diabetes. Exercise may also improve your mood, reduce stress and prevent dementia.*

*You don't have to join a gym or buy special equipment to stay active. Gardening, walking the dog, taking the stairs instead of the elevator can all have health benefits that will make you feel better as you age.*

### ***TIPS TO GETTING FIT:***

*Start out slowly with 5-10 minutes of activity at a time and build up to at least 30 minutes of moderately intense activity. Try to build up to at least 2–3 hours of moderate activity a week.*

*Being active at least 3 days a week is best. When you're ready to go further, first build up the amount of activity, then the intensity.*

*To avoid injury, wear proper shoes, dress appropriately for the weather and drink plenty of water when doing any activity that makes you sweat.*

*Make exercise a regular part of your day by making it a priority. Enlist a friend to keep you going and make it fun.*

*Join a walking group or an exercise class at your local community center,*

*Vary your activities to keep it interesting and reduce risk of injury.*

***MOST IMPORTANT!!***

*Check with your doctor before you begin if you are high risk of chronic diseases such as heart disease or diabetes, have been diagnosed with osteoporosis, if you smoke or are obese.*

# This Month's Feature Band

## BILL SCHNEIDER SR'S

## MAIN STREET JAZZ BAND

Bill Schneider's Jazz Band has been around in several different forms since 1995. They have played almost every large venue in Venture County. Venues like the Ventura County Fair, Ventura Street Fairs, fund raisers for the Boys and Girls Club and Saticoy Lions Club, the Humane Society of Ventura and many others.

This popular group plays an energetic Dixieland style Ragtime and makes you want to put on your dancing shoes and get up and dance. All the songs that the band plays are contemporary standards that you will recognize; recorded by Artists such as Red Nichols, Doc Daughterly, and Eddie Cantor. Some tunes are done in the style of Frank Sinatra or Louis Armstrong with a modern California twist; but all have that rich grounded sound of Dixie/ Ragtime.

The Rhythm Section always keeps a good strong "Jump Beat" going that goes well with a Charleston back beat. Main Street Jazz is proud to be asked to perform for the Channel Cities Jazz Club. Thank you for inviting us.

Band members include: Kurk Siltton on Trumpet, Jim Richardson on Sax & Clarinet, Ken Lewis on Standup Bass, Richard Van DerWick on Drums, Steve Orrman on Keys, Todd Teamasom on Bango and Bill Schneider Jr on Guitar and Vocals.

## *A BIT OF HUMOR*

*A burglar broke into a house late at night and as he was about to steal the stereo, he heard a voice say "Jesus is watching you" he turned around with his flashlight and saw a parrot in the corner. "Did you say something?" he asked. The parrot responded that he wanted to warn the man that Jesus was watching. The burglar said "and who are you? The parrot said "I am Moses" "What kind of person would name a parrot Moses" the man asked. "The same kind that would name a 150 pound Rottweiler Jesus" said the parrot.*

*The store owner was confused about an invoice he received so he called his secretary into the office and said "You just graduated from college and I need some help. If I was to give you $20,000, minus 14%, how much would you take off." The secretary thought a moment then replied "Everything but my earrings"*

## *SCAM ALERT*

*Exploiting your good nature!! What makes you a nice person also makes you a target for con artists.*

*In every minute of every day hundreds of new cyber threats are launched on average. These threats include malware that steals passwords and allow your smartphone or computer to be hacked, ransomware that forces you to pay to have a device unlocked, and phishing attempts to steal your identity.*

*Today's online scams are effective because they've got a new focus; leveraging some of our most admirable human traits to make us fall for fraud.*

*Cybercriminals have shifted their focus from exploiting vulnerable technology to targeting humans. Scams play on human nature to advance a criminal goal.*

*Advice: Slow down. Think before clicking on a link- especially during high activity times such as the upcoming holidays. Don't trust subject lines such as "Immediate action required". They are commonly used by scammers. Be especially vigilant on Thursday, peak day for malicious emails.*

*Be wary of incoming solicitations. The more sensational a claim– the promise of a new iphone for taking a short survey, for example-more likely it's a scam.*

*Be discreet with what you reveal on social media. Don't give your birth date and hometown, which scammers can use to guess your Social Security number. Don't accept invitations from strangers to be online friends*
